## DEDICATION

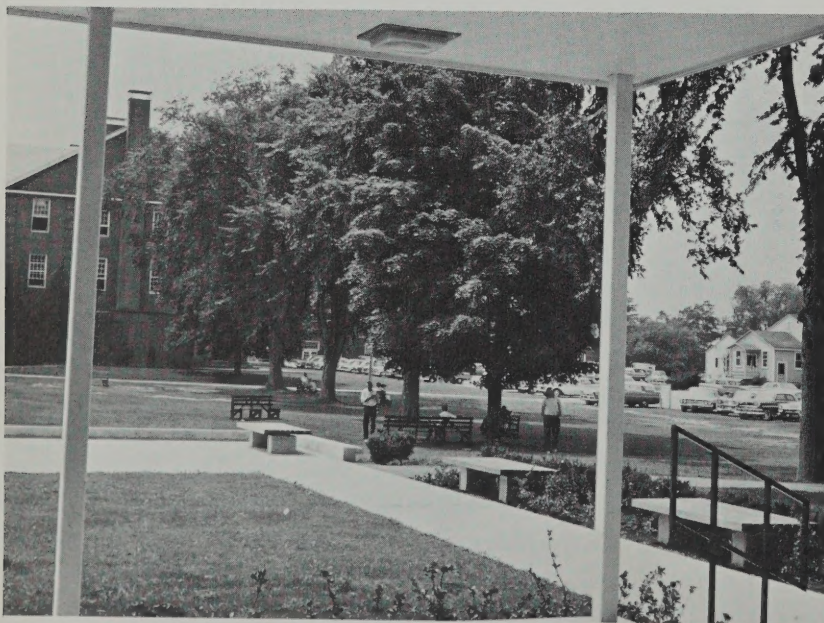

It is with a sense of humility, and yet justifiable pride, that we, the class of 1962, dedicate our Shield to Dr. Francis S. Quinlan, Catholic scholar and gentleman. Recently honored at a Silver Anniversary banquet, Dr. Quinlan is unique in being the first Ph.D. on our faculty. Earning his doctorate at Fordham University in 1929, he also attended Harvard University, Boston University, and the University of Massachusetts. He has taught at Trinity College and the University of Vermont.

He and Mrs. Quinlan have two children, Virginia, an airline hostess, and Francis, a Saint Michael's alumnus and high school teacher in North Adams, Massachusetts. Active in the planning of Cheray Science Hall, a charter member of the Alpha Nu Chapter of Delta Epsilon Sigma, he is in the best tradition of Catholic laymen, rendering dedicated service to the cause of Catholic higher education. It is to the debt that we and all Michaelmen owe Dr. Quinlan that this book is thoughtfully and gratefully addressed.

Our new student center, Alliot Hall, represents a real milestone in the Saint Michael's Building Program.

Old Hall, the original campus building, doubles as an administrative center and a freshman dormitory. However, its chief attraction remains the post office.

Alumni, Ryan, and Lyons Halls . . . three of the dormitories in the quadrangle.

St. Michael's in transition . . . Joyce Hall under construction.

Our main altar . . . Gaudete!

Biology, Chemistry, Physics . . . Cheray Science Hall, 1949.

College Hall . . . main classroom building, containing present chapel and gymnasium.

Holcomb Observatory, 1938.

This is the present campus. In the future . . . artist's conception of our new chapel.

**ACTIVITIES**

# STUDENT FORUM

St. Michael's embarked upon an experiment in student government this year establishing a bicameral legislature, based on a new constitution, designed to give greater voice to the clubs. Working mainly through the committees, the Student Forum serves as an intermediary between the student body and the administration.

Under President Paul Upham, the Forum expanded the scope of its program in several areas. The founding of the Foreign Relations Committee and its Buddy-for-a-Week concept helped bridge a gap in our campus life. Supervision of the Game Room's first full year of operation created new jobs and solid profit for the Forum's activities. Regular and thorough coverage of student government meetings was provided by the Hill-top news media of WSSE and the Michaelman. A Student Forum dance in February was widely supported and a social success.

As the college grows, so will the responsibility and duties of the Student Forum both in relation to the student body and to the college as a whole.

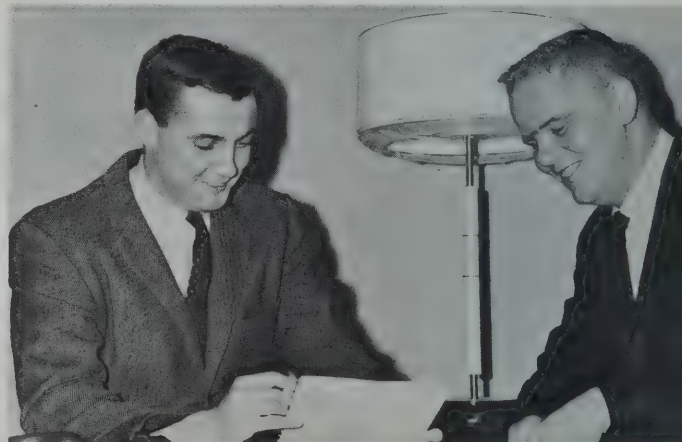

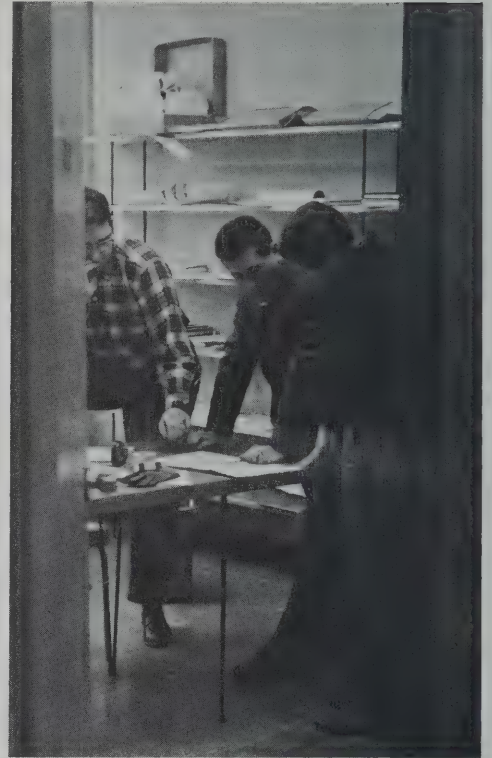

## SHIELD

A creative, hard-working staff brought about several changes in this year's Shield. They are responsible for the modern, informal mood of this annual.

Dave Coupal as Editor-in-Chief has been most responsible for the end product. His was the final decision on all matters from the raising of the first dollar, to the positioning of the last caption. At his right hand all of the way has been Joe Fusco and Bart Longo.

Through often less appreciated than the photographs, good prose in a yearbook is harder to come by. Jim Garofano, Emile Daglio, and especially Editor Paul Upham have ably handled the copy in the '62 Shield.

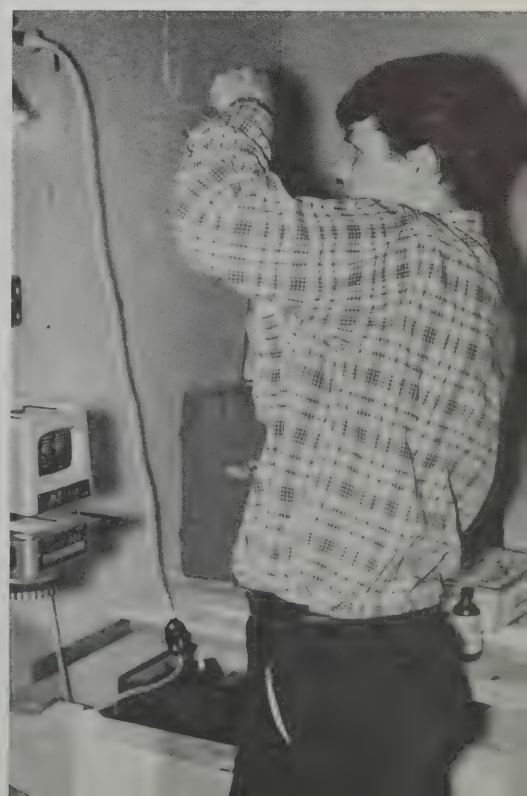

PHOTOGRAPHY STAFF: Jim Nolan, Lou Tarnowski, Bill Hayden, *Assistant to the Editor* Joe Fusco, Dick Nachajski, and Art Kohler.

Bob Warren and Joe Gulick, leading the unsung heroes of the Business Staff, secured enough money in advertising to pay for the improvements evident in this year's book.

Sports Editor Wayne Roberts and his mates covered the SMC teams both on and away from the campus and have presented this year in sports on pages 88-113.

The work of the photography staff is the backbone of yearbook production. This edition attests to the technical excellence of Lou Tarnowski and all of this year's men.

Especially appreciated is the work of several whose important contributions to all sections of the Shield have thus far been unacknowledged. These men are John Galvagni, Joe Rose, Joe Laurenza, Tom Robinson, Bob Kasinski, and Fr. Paulin.

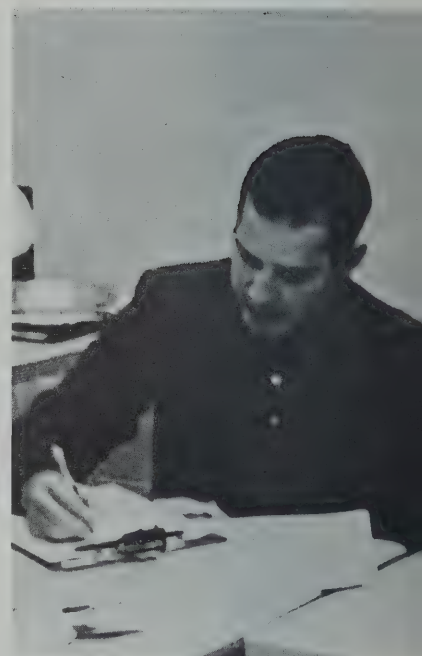

## MICHAELMAN

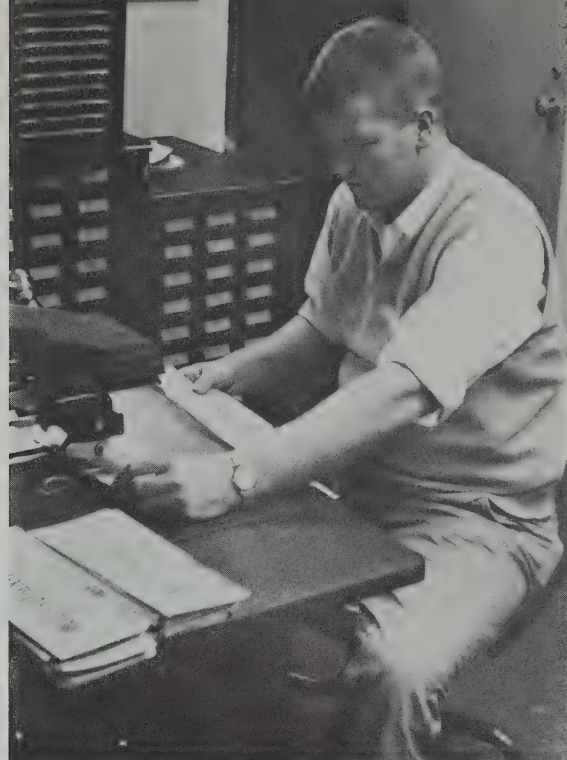

A bold and forthright manner of presenting the news keyed Editor-in-Chief Ray LeRoux's attempt to inform and stimulate all of the students on campus. This new direction resulted in a vibrant weekly publication of the Michaelman.

It takes more than one or two dedicated individuals to produce a newspaper each week, and for this reason, much credit goes to Assistant Editor Luis Villares, News Editor Paul Simmons, Make-up Editor John Zinkevitch, Headline Editor Bob Kosmideck, Circulation Manager Pat Curtin, and Photo Editor Art Kohler who were just a few of the many who did a workman-like job in assisting Ray.

Very few colleges have a person with the experience of Moderator John Donoghue on hand to guide the newspaper staff and to offer truly professional advice. The general high caliber of the Michaelman is indicative of Mr. Donoghue's success.

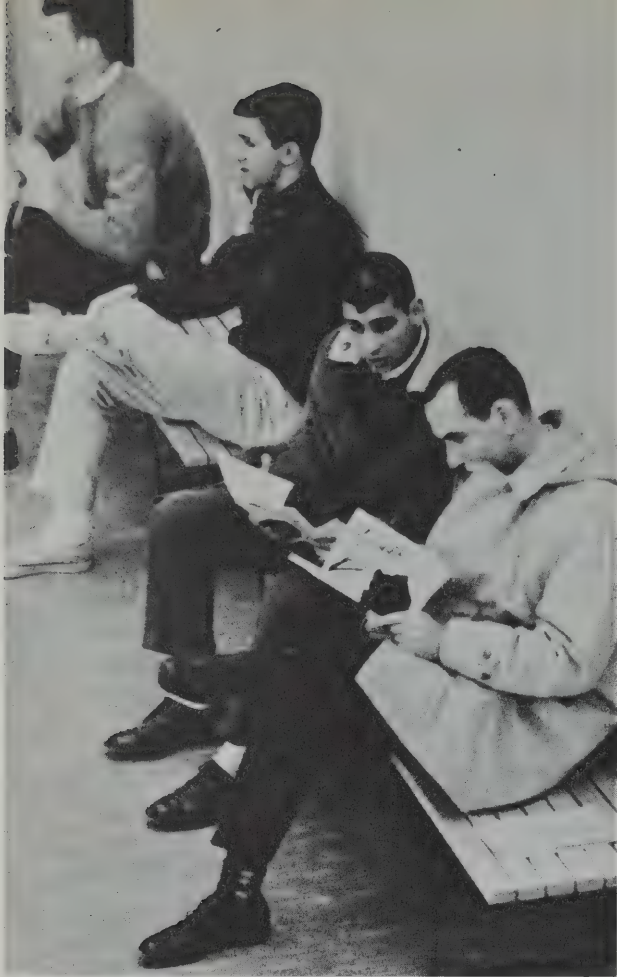

This year the paper added two new columns, "Dear Abbot," a humorous treatment of advice to the forlorn, and "Capitalism and You," a weekly business interpretation by Paul Simmons.

One reason for the spirited approach in the Michaelman is the ambitions of the people on the staff, many of whom plan to make a career of journalism.

## QUEST

In December, 1960, three students met at the home of Mr. Gore, reviewed available material, and decided to publish a "pilot" edition of the Quest, marking a renaissance in campus literary life. The following spring, the Dean of Studies offered to financially back the magazine and the first edition was published. Placed on sale, it was an immediate success. All copies were sold and hope was high for the future. A meeting was held in the fall of 1961 and contributions were sought from the students. Now the writings came in quantity and the staff began their work. Shortly before Christmas vacation, Fr. Dupont wrote a letter to the editor and agreed to finance the publication of two issues of a printed magazine. The first issue brought mixed emotions. Compilation of the second issue began immediately and Parent's Weekend found the second issue in print. It was an improvement over the first, but again the staff was determined to maintain their "quest" for writing achievement. As this spirit continues and grows, the Quest seems destined to become a fine example of Catholic scholarship on the undergraduate level.

## SCIENTIFIC

St. Michael's science journal, the *Scientific*, has been guided this year by Co-Editors-in-Chief John Guay and Bill Helfrich under the auspices of the Pre-Medical Society and the Chemistry Club. With the capable assistance of Paul Harper and George Reitwiesner and a diligent staff, the previous format has been radically reformed.

This year the practice of publishing articles submitted by authorities has been inaugurated. Among these contributors are Mr. James G. Case, Professor of Philosophy at St. Michael's, and Mr. Ernst Knobil, Professor of Physiology at the University of Pittsburgh.

Articles included are "A Look at Cancer," by Ron Van Yserloo, "Cilia" by Dave Serluco, "Vitamins" by Russ Houde, and "Experimental Studies on Chemotherapy of Malignant Growths Using Sarcoma 180" by Paul Harper.

## CHOIR

The Choir, under the direction of Prof. William Tortolano, filled out an excellent repertoire with Masses of both the Renaissance and Modern periods. Select motets by Palestrina, Lotti, and Bach also added much to the beauty of the High Mass.

Aside from the singing of Sunday High Masses, the Choir sang at the Mass of the Holy Spirit, the President's Day Mass, the Feast of St. Edmund, the Feast of St. Michael, and the May Day ceremonies. They also participated in the Christmas Concert, sang at the Parents' Weekend Mass, and hosted a meeting of the Vermont Chapter of the American Guild of Organists, at which time they presented a concert.

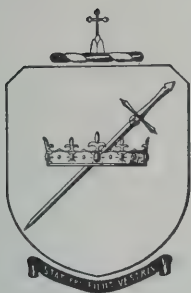

The highlight of the year's activities occurred when the Choir appeared on the nationwide radio program "The Hour of the Crucified."

Mr. William Tortolano, *Director*; Paul Boucher, *President*; Jim Garofano, *Organist*; Charlie Metzroth, *Secretary*; Ed O'Brien, *Librarian*; Joe St. Clair, *Vice President*.

## CROWN AND SWORD HONORARY SOCIETY

"Stat Pro Filiis Vestris . . . rendering service to the undergraduates, administration, alumni, and friends of Saint Michael's College."

As Moderator of the Crown and Sword Honorary Society, Rev. F. X. Gokey, S.S.E. aids the organization in carrying out the many duties they undertake throughout the year. Besides serving as ushers at all college functions, they conduct the "Big Brother" and Freshman Orientation Programs. They also sponsor May Day in conjunction with the Spiritual Director, and assist in the Parent's Weekend Activities.

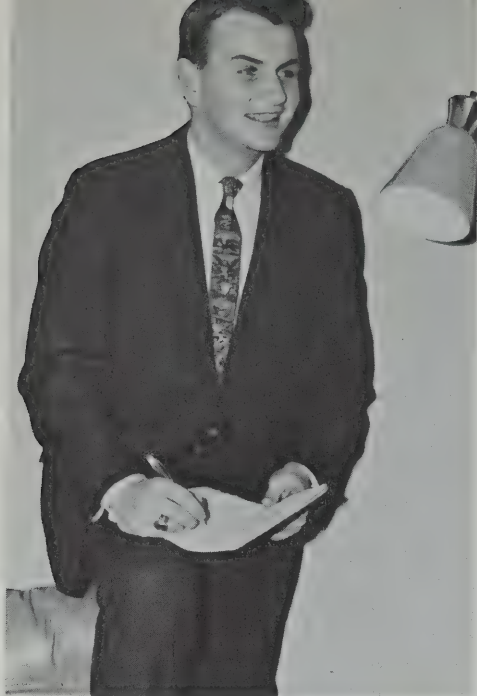

This year, the Crown and Sword joined with three other groups in sponsoring a successful Christmas Party for the children at Saint Joseph's Orphanage. This event will be adopted as an annual tradition.

A Frosh is given assistance by Joe DeGrinney and Charlie Burke during Freshman Week.

John Fredette ushers at one of the Lecture Series presentations.

Another new project aided by Crown and Sword was the "Buddy Program" initiated by Dr. Fairbanks to ease the adjustment to a new society for those foreign students at Saint Michael's. Certainly the Crown and Sword Honorary Society, its officers and members, lives up to its motto and purpose.

Lecture Series Chairman Bill Donahue.

## STUDENT FORUM LECTURE SERIES

The Student Forum Lecture Series Committee exhibited its truly catholic character and cosmopolitanism during 1961-62 in its selection of distinguished speakers representing various fields of endeavor. Kanniah Konuri, leading Indian businessman, spoke on U.S.—Indian relations and the reciprocal tariff question. Dr. Willy Ley, pioneer authority on space travel, lectured on the future of America in space. This talk, shortly before John Glenn's historic orbital flight, contributed greatly to campus appreciation of the event. Rev. O'Donnell, S.J., of the Georgetown Medical faculty, discussed the implications of birth control from the viewpoint of the scientist and of the Catholic, reconciling these seeming opposites. John Engels, promising young American poet, gave a reading from his own widely-acclaimed works. The scope and depth of the presentations is indicative of, and a tribute to, the indefatigable efforts of Lecture Series Chairman Bill Donahue, and his assistants, Andy Fay and Kevin St. John.

## NEWMAN DEBATE SOCIETY

Our Debate Society continued its winning ways against formidable opposition. A much needed change in the organizational structure early in October resulted in an expansion of its activities and a greater emphasis on analysis and presentation, the "blocking and tackling" of forensics. Competing in ten major tourneys, hosted by Brown, Dartmouth, Boston University, Tufts, University of Vermont, Harvard and others, the team racked up an impressive .600 record over-all.

St. Michael's debaters met and defeated such schools as Dartmouth, Brandeis, Yale, Colorado, Navy, Bowdoin, Brooklyn, San Francisco, Southern Methodist and Stanford. Nearly one hundred debates against over seventy colleges and universities representing all sections of the country; a total of three thousand miles logged—these statistics indicate that once again, St. Michael's was in the mainstream of debate. Coach Henry B. Fortier remained the heart of the debating squad. He was ably seconded by Paul Upham, outgoing president.

Deserving particular recognition for their contributions to debate on the Hilltop are Tom Roney, for his drive, initiative and interest, and Frank Amodemo, who gave of his varied talents unstintingly.

SENIORS: Mike Schlapp, *Treasurer*; Bill Yeomans, *Representative*; Dave Drew, *Representative*; John Donovan, *President*; Pete Imbres, *Secretary*; Brian O'Connor, *Vice President*; Paul Upham, *Representative*.

## WHO'S WHO

Who's Who Among Students in American Universities and Colleges was established in 1934 with the idea of creating one national basis of recognition for college students that would be democratic and devoid of dues. It recognizes a student's scholarship; his participation and leadership in academic and extracurricular activities; his citizenship and service to the school; his promise of future usefulness.

A member of this organization is first of all nominated by his fellow classmates, and then approved by the administration of his school. Once he has passed these tests, his name is sent to the national offices of Who's Who for final approval.

St. Michael's members reflect the student body itself, representing all areas of concentrations and geographic distributions.

## DELTA EPSILON SIGMA

David C. Drew

John G. Guay

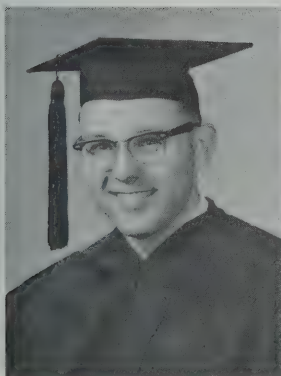

Gary J. Healy

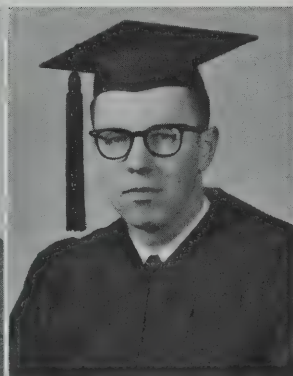

On March 19, 1962, twelve seniors, two juniors, and three of the S.S.E. clergy were inducted into the Alpha Nu chapter of Delta Epsilon Sigma Honor Society.

After a hearty meal at The Lincoln Inn, Fr. Dupont introduced guest speaker Rev. Francis Horrigan, President of Belarmine College, to the inductees.

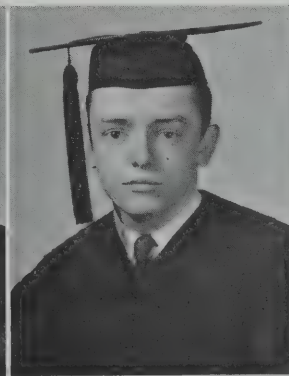

The purpose of Delta Epsilon Sigma is to encourage and promote high scholarship among students in Catholic liberal arts colleges. This objective is reflected in the fraternity's motto, "It is the mission if a wise person to put things in order."

## PHI-ETA SIGMA

Since its initiation on campus January 5, 1961, Saint Michael's Chapter 108, of Phi Eta Sigma, the national freshman honor society, has encouraged freshman students who display exceptional academic ability. Only those students having a ninety average and no grade lower than a B are eligible for admittance. Saint Michael's currently boasts of eighteen members.

Our campus chapter of Phi Eta Sigma has undertaken a program of tutoring freshman students in such subjects as Chemistry, Physical Science, and Mathematics. This service is offered gratis. In order to obtain optimum results, the organization works through individual professors who recommend specific students.

## ALPHA EPSILON DELTA

Tom Lapine, Brian O'Connor, Dom Vinciguerra, Ron VanYserloo, *Treasurer*; Charlie Burke, George Cestaro, *Vice President*; Dick Michaud, *Secretary*; Doug Parillo, Gary Healy, *President*.

The object of Alpha Epsilon Delta is to encourage excellence in premedical scholarship; to promote cooperation and contacts between medical and premedical students and educators, in developing an adequate program of premedical education; and to bind together similarly interested students.

The Alpha Chapter at St. Michael's was the first chapter in the State of Vermont, established on October 8, 1960. This year the Alpha Chapter has continued in

the spirit of its predecessors with enlightening meetings featuring visiting speakers who represented various fields of the medical profession. During these meetings, medical films were shown and discussions held, whereby members exchanged valuable information.

Alpha Epsilon Delta is an affiliate of the American Association for the Advancement of Science, the American Council on Education, and a member of the Association of College Honor Societies.

## KAPPA PHI KAPPA

Emile Saglio, *President*; Vin Ziccolella, Jim Collins, Jim Fitzgerald, John Whitcomb, Ed Daniel, John Daly, Dave Coupal, *Vice President*; Joe Laurenza, Paul Hinsenkamp, *Secretary*; Dick Nachajski, Tony Troy, George Johnson.

The main objective of Kappa Phi Kappa, the national educational fraternity for men, is "to promote the cause of education." With this objective in mind Emile Daglio, President, and Mr. Frank Dermody, Moderator, have led the fraternity through a full schedule of activities this year.

As one of its "good neighbor" projects, the Gamma Alpha Chapter offered tutorial services to the Fanny Allen, DeGoesbriand, and Mary Fletcher Hospitals. Members also contacted their home high schools giving information to future collegians, concerning education as a major field of study at Saint Michael's College.

Additional activities included initiating several members, among them the Rev. Paul A. Morin, S.S.E., Academic Dean, and rendering assistance in forming a Kappa Phi Kappa Chapter at Johnson State College.

Walt Baumann, *Treasurer*, and Joe Fusco discuss Kappa activities with Dag.

# PRE-MEDICAL SOCIETY

The Pre-Medical Society, headed by Brian O'Connor, indicated its value to the campus by conducting activities at the blood drives, directed by Frank Twarog and Bob Rinaldi; the co-sponsorship of the Annual Science Night, under Joe DeGrinney; and the informative films open to all students.

Besides its campus-wide activities, the Pre-Medical Society also fulfills the specific needs of those whose interests point in the direction of medicine. Several doctors and dentists spoke to the Society about their respective professions.

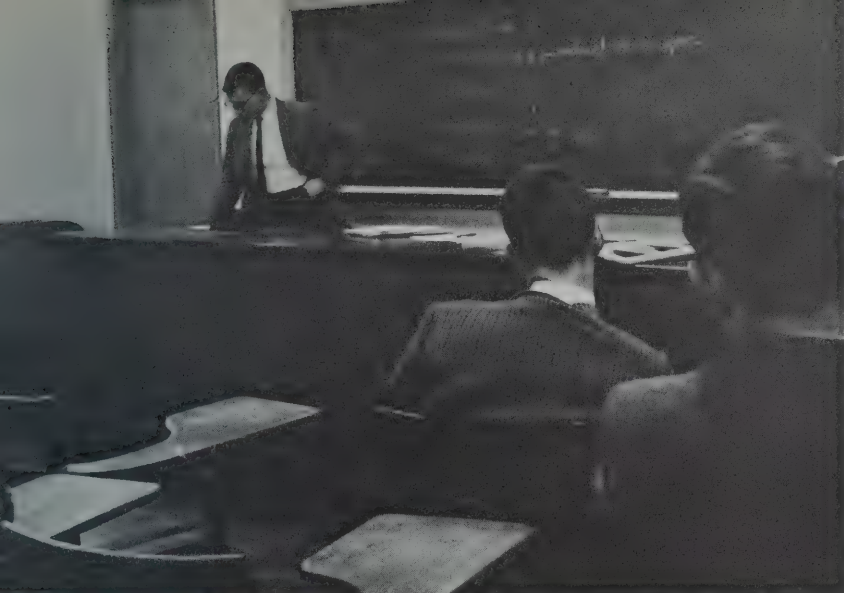

Gary Healy, *Vice President*  
Charlie Burke, *Secretary*  
Brian O'Connor, *President*

One of the most informative projects of the year, was the tour of the University of Vermont College of Medicine. The trip included talks by the faculty of the school, and tours of the research facilities and the Vermont Rehabilitation Center.

Brian O'Connor conducting the meeting in preparation for the Blood Drive.

John Galvagni lectures on "Research and Development in Chemistry" at a second semester meeting.

## CHEMISTRY CLUB

The romance of any career is often lost in the necessary theoretical studies. The purpose of the Chemistry Club is to complement these "necessary evils," and promote a genuine interest in the application of learned principles. With lectures by faculty members, professional men and co-students, movies, and tours, the many facets of a scientific career were investigated.

The Chemistry Club exists not only for the benefit of the members, but also as a medium through which interest in the empirical sciences can be fostered among all students. In concert with the Pre-Medical Society, the Annual Science Night program was staged for the high school students within a hundred mile radius. Due, at least in part, to the current emphasis on science, and the reputation of Saint Michael's College in the sciences, a record number attended.

A graduate school guidance program was established this year, helping to make Chemistry Club one of the most active co-curricular clubs on campus.

Paul Lauze, *Treasurer*; Dick Levere, *Vice President*; John Guay, *Secretary*; Dave Drew, *President*.

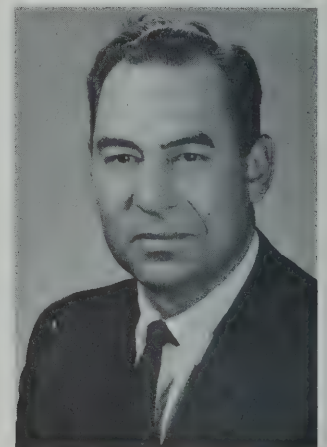

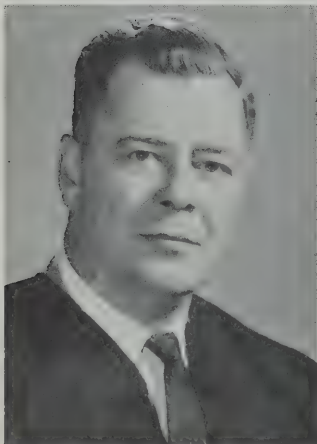

# BUSINESS FORUM

Bard O'Neill, *President*; Wally French, *Secretary*; Bob Parker, *Vice-President*; John Vanderventer, *Treasurer*.

The Business Forum offered various activities during 1961-62 including featured speakers, business movies, and dinner meetings. President Bard O'Neil secured the active aid of Mr. Knight and Mr. Fortune in carrying out the yearly program. A well-balanced agenda emphasizing the industrial world and American economic life gave impetus to the Club's organization. The present membership of sixty-five guarantees its continued success. The large percentage of business majors in the Business Forum reflects a wide and genuine interest in the student body generally.

Jim Kelley, *Vice-President*; Jim Daniel, *President*; Jim Doughton, *Secretary*.

## POLITICS CLUB

The Politics Club offers students an unique opportunity to gain insight and perspective on the science of government and the art of politics.

A balanced schedule of lectures, motion pictures, and informative meetings increases both theoretical knowledge and practical understanding of the discipline.

A new moderator, Mr. George Olgyay, extended the benefit of his experience in international relations to the entire club.

A field trip to Ottawa gave students a greater appreciation of the Canadian system of government.

Hava Haarili, Israeli delegate to the UN, chats with Mr. Cleveland Williams and Mr. George Olgyay, *Moderator*.

## SOCIOLOGY CLUB

The Sociology Club functions as a service organization for other student groups, applying the tools of the social sciences to campus problems and areas of interest. Principal service rendered this year took the form of a poll, attempting to determine student reaction to the concept of an honor system.

President Frank Danaher initiated the second semester with a study-group whose purpose was to evaluate the social organization of the college and suggest possible improvements. The Club offers an unique opportunity to supplement classroom material with practical experience.

Tom McHale, *Treasurer*; Larry Gallagher, *Vice-President*; Frank Danaher, *President*; Denny Marcoux, *Secretary*.

Bob Butler, *Vice President*; Dave McKeon, *President*; Frank Amodemo, *Secretary*.

## ENGLISH CLUB

1961-62 witnessed the re-birth of the English Club on campus. Working with Dr. Murphy and the English concentrators, the Club elected temporary officers in December and organized along tripartite lines, a dramatic section, a discussion group, and a literary group. Highlighting the activities of the discussion group was an address by Dr. Pfeifer on scholarship and graduate study. February saw the dramatic section casting for "In the Zone," a one-act play by Eugene O'Neil. Directed by Dan Lawrence, '65, the play proved to be valuable experience to the members. Other features of the year's schedule included a discussion about "Hardy and Naturalism," and an evaluation of the student teachers' experience by Seniors Bob Warren and Dave Coupal. Prominent in the formation of the English Club were Dave McKeon, Frank Amodemo, Dave Coupal, Vaughn Keller, and Bob Warren.

# EDUCATION CLUB

Mr. Frank Dermody, *Moderator*.

Mrs. Mary Naylor, Representative of the Vermont Education Association, as she spoke at a first semester meeting.

St. Michael's College Education Club was organized three years ago, due to the vigorous efforts of several students and Mr. Francis Dermody, Head of the Education Department. With Joe Laurenza at the helm, the Club enjoyed a full schedule of activities, consisting of various speakers and films. Keynoting the speaker-program was an address by Mr. John Hart of the Burlington Junior High School concerning, "The Problems of Administration in Secondary Schools."

John Daly, *Secretary*; Jim Johnson, *Treasurer*; John Whitcomb, *Vice President*; Joe Laurenza, *President*.

Purposes of the Club include the following: 1) to portray the ideals, ethics, and history of the teaching profession; 2) to provide opportunities for student participation in the educational field; 3) to encourage personal growth; 4) to offer leadership training and experience; 5) to actively advocate and support higher standards of teacher education and professional competence.

*Moderator Joseph Powers and President Paul Lawless discuss plans for the Outing Club's participation in the SMC Invitational Ski Meet.*

## OUTING CLUB

Under the leadership of Paul Lawless, St. Michael's Outing Club opened the year with a hike up Mt. Mansfield which was a great social success, giving many new Michaelmen a scenic view of Vermont. As the snow began to fly, one could see Club members getting their skies waxed and preparing for the weekend exodus to Stowe, ski capital of the East. Among its many winter activities, the Club worked in various capacities, e.g., as gate-checkers and timers at the St. Michael's Intercollegiate Ski Meet, held this year both on campus and at Stowe. The Club ran buses on Friday evenings to the Underhill Ski Area for those who preferred their skiing under the lights. As the snow melted and the waters warmed, many members were rounding the year out with beach parties on the shores of Lake Champlain.

*John Durkin, Vice-President; Paul Lawless, President; Francis Powers, Treasurer; Bill Novak, Secretary.*

The Spencer-Orth debate was a highlight of first semester NFCCS activities.

## NFCCS

St. Michael's chose to continue its affiliation with the National Federation of Catholic College Students and the liaison proved fruitful. Inaugurating the year was a public debate, pitting our own Dr. Robert Spencer of the Government Department against Mr. Harry Orth of the English Department at UVM, on the question of federal aid to education. The documentary film, "Harvest of Shame," depicting the plight of the migrant workers in the U.S., evidenced the sense of social responsibility inherent to the NFCCS. The backbone of the clubs activities, however, remains the discussion groups, meeting bi-monthly under the guidance of a faculty moderator. Its ultimate goal is complete student participation.

# KNIGHTS OF COLUMBUS

Since its introduction to St. Michael's College in November of 1959, the Father John Verret Council of the Knights of Columbus has realized an impressive variety of objectives.

Actively functioning through the common bonds of Charity, Unity, Fraternity, and Patriotism, Council 4870 has pledged its support to brother councils and other Catholic action groups for the benefit of the surrounding community. The Muscular Dystrophy Campaign and the St. Joseph's Orphanage are among the groups which received active participation and assistance from the Father John Verret Council.

Last year, the St. Michael's College Chapter was honored with National Awards for the greatest increase in membership and insurance. For outstanding success in all phases of council activity, the campus organization received the Star Council Award for 1961.

We of St. Michael's are proud to be a part of a progressive council, which is taking an ever-increasing role in the development of the true Christian gentleman.

Pat Curtin, Fr. Duford, and Art Kohler display the Star Council Award.

## KNIGHTS OF THE ALTAR

Founded in 1958, the Knights of the Altar have been instrumental in implementing the new spiritual program of their Moderator and our Spiritual Director, Fr. Ziter.

In addition to serving Mass, the Knights actively promote the Dialogue Mass and cooperate in providing servers for Mass at Trinity College. The organization shows films of mission work, and is interested in the rudiments of Canon Law. Doubling their membership in two years, the Knights are continuing to broaden the scope of their activities to include all facets of college life.

# BAND

Saint Michael's College can well be proud of the record of achievement of the Band under the capable direction of Mr. Tortalano. Three principal events marked the year's agenda.

A Fall concert at Winooski High School met with great appreciation and approval.

The Winter Carnival at Saranac Lake was the scene of the Band's December offering.

Truly a group for all seasons, the group swung into Spring with a concert Parent's Weekend.

Featured numbers included "Jamaican Rhumba," "My Fair Lady" and "Porgy and Bess." In addition the Band highlighted traditional martial music at the Final Review and Christmas carols at the Yuletide Concert.

Constant rehearsal plus the enthusiasm of Commanders Bob Jacon and Paul Lauze, as well as the rank and file bandsmen, have contributed to the Band's development and assure its future progress.

The purpose of MARS is to create interest and further training in military radio communications; to coordinate practices and procedures of amateur radio operation; to provide an additional source of trained radio communications personnel in the event of a local disaster or national emergency and to provide a system in being for Quasi Official communications for the Red Cross and for special services, and when requested to supplement regular communications channels.

The MARS station at St. Michael's was established in October, 1959. Open to all interested students, classes are run in Code and Radio Theory.

The station has acquired a WAS certificate (Worked All States) and has, besides its stateside contacts, worked upwards to 40 different countries.

Bill Crennan, *Commander*; Dave Serluco, *Deputy Commander*; Major Colin Reilly, *Moderator*.

**ANNCR:**

It is now my pleasure to present the Directors of WSSE, William Cosel, Station Manager; Richard LaGasse, Program Director; James Eggleston, Personnel Director; Paul Simmons, Advertising Director; and G. Lindell Abbott, Technical Director.

**COSEL:**

Thank you, Welcome to WSSE! Beside our own invigorating program schedule, we also produce and direct a 15 min. radio program, "Time Out," heard over Vermont's largest radio station—WCAX. Portions of these programs also furnished material for special programs offered by WCAX-TV. As you can see, we provide an excellent opportunity for those students who are interested in gaining experience in the field of communication arts.

**LAGASSE:**

For our own productions on campus, we draw heavily from our record library of over 3,500 recordings. Other productions are composed of special features which make good use of our three studios, record storage rooms, offices, and workroom.

**EGGLESTON:**

Inside this network of rooms, busy students prepare the daily programming which includes actual production to promotion writing and other related fields so important in radio work.

**SIMMONS:**

Those with a flare for business have a terrific opportunity for on the spot training in soliciting ads, writing copy, and preparing affidavits.

**ABBOTT:**

Those interested in taping procedures, remote broadcasts, "mike" arrangements, and the operation of all equipment, find themselves doing so at WSSE. New challenges are offered when we acquire new equipment such as our "mixer," second tape recorder, and third turntable.

**ANNCR:**

Thank you fellows for the interesting insights on college radio. Stay tuned for Campus News. This is WSSE, 570, on the campus of Saint Michael's College.

SPORTS

# DRILL TEAM

Once again the SMC AFROTC Unarmed Drill Team was the drill champion of the Northeast. The team won its sixth consecutive championship at Westover AFB in Chicopee, Mass. to become the only squad in this section of the country ever to accomplish such a feat. The Marching Knights also became the first team to retire two gold cups in a row.

Cadet Major Mike Mahovich led the group to victory in the elimination contest with a point total of 87.7. In the finals the Knights accumulated a phenomenal 90.5 points under pressure to better several other northeast schools.

And thus a highly successful year was concluded under the leadership of Mahovich, Cadet Captain Bill Backus, and Moderator Captain Robert R. Wilkins.

## SOCCER

The St. Michael's College booters, playing in their first varsity season, suffered greatly from inexperience and lack of bench strength. Under the capable direction of Dr. Armando Citarella, the Knights compiled a 1-4-1 record. The team loses no one through graduation, however, and can be expected to improve greatly next season.

Highlighting an otherwise gloomy season was the great defensive play of goalie Dick Endrelunas, playing in his first year. He made a total of 104 saves in 5 games and allowed 10 goals, 5 of them via penalty shots.

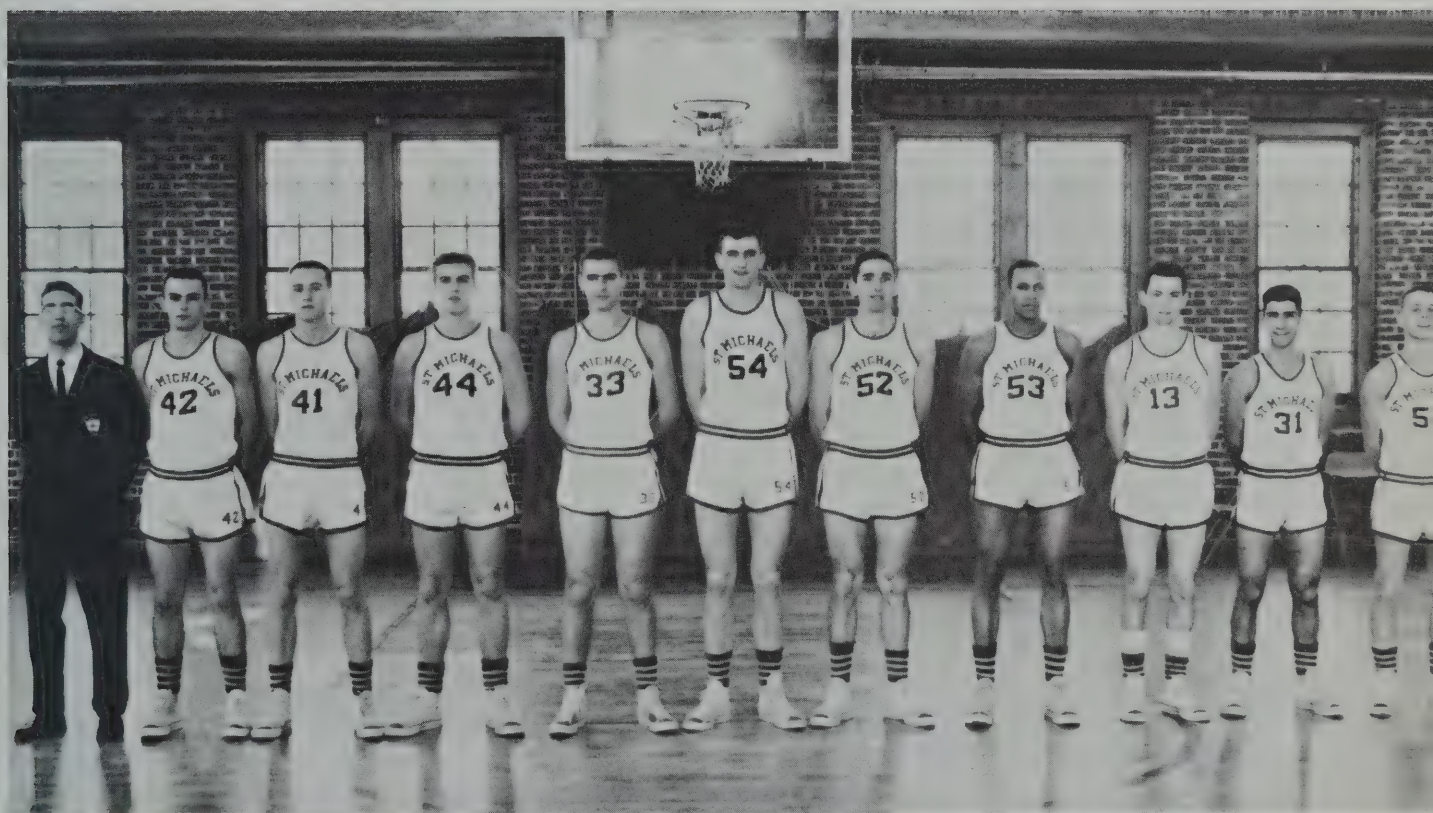

Other bright spots were the exciting line play of Juan Tomayo and Ed McGee (the latter was the teams leading scorer with 3 goals) and the sharp defensive work turned in by halfbacks Mike Cambo and Joe Donald. Lineman Nick Ravelo also excelled until being injured midway through the season.

These are just a few of the players who made varsity soccer possible at SMC. The team as a whole performed admirably under the conditions, and its members should feel proud that they have begun a lasting fall sport here on the Hilltop.

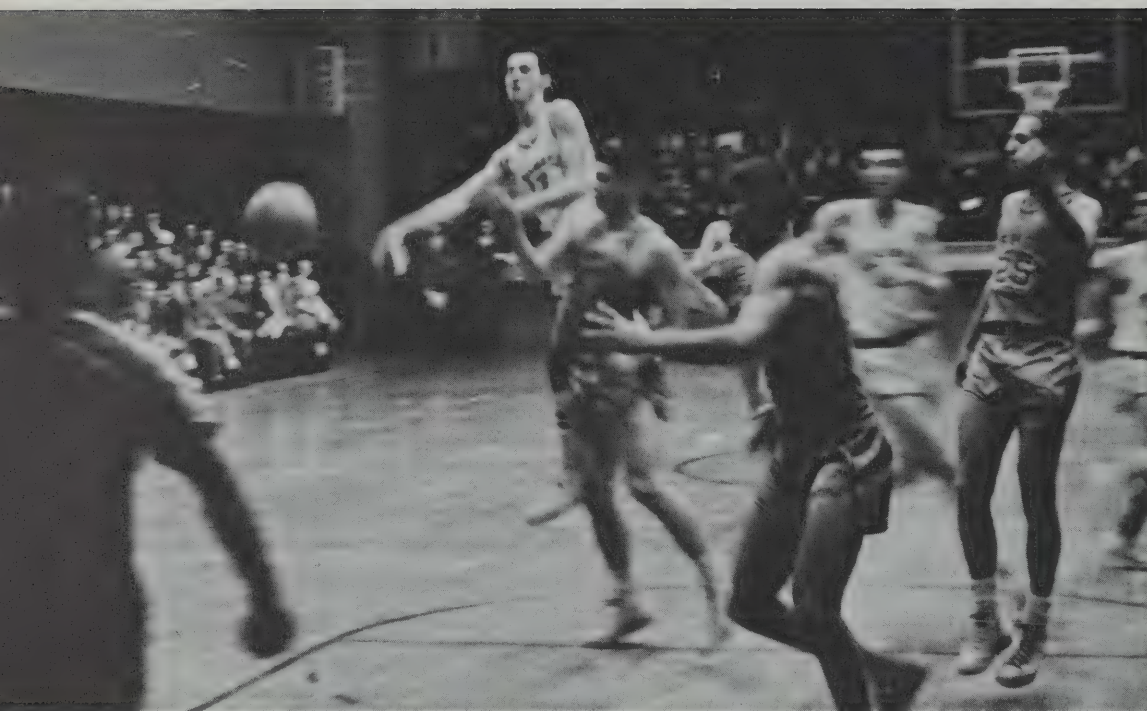

# BASKETBALL

Bill Musso, *Manager*; John Jachym, Ed McDonnell, Rod Bushel, Bob Hoehl, Jim Fitzgerald, Walt Baumann, Don Jones, Al Baldini, *Captain*; Fred Cerrato, Marty King.

The 1961-62 Purple Knights, suffering from their "ups" and "downs," failed, for the second straight year to make the NCAA Regionals.

With the loss of only one starter, hopes were running high on the Hilltop. All four returnees averaged in double figures last year, and the replacement for the departed Charlie Hart, Walt Baumann, was game tested.

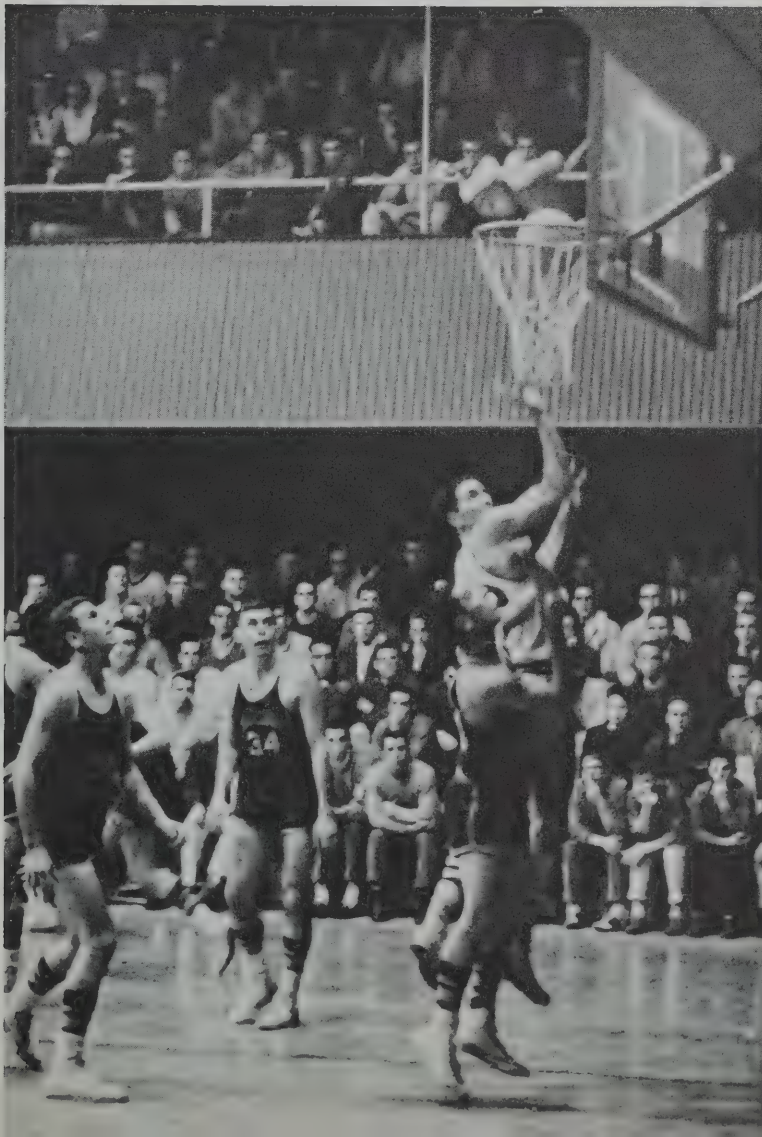

Then, came the "Pep Rally," the cancelling of the Middlebury game, and a lag in the spirits of the team members.

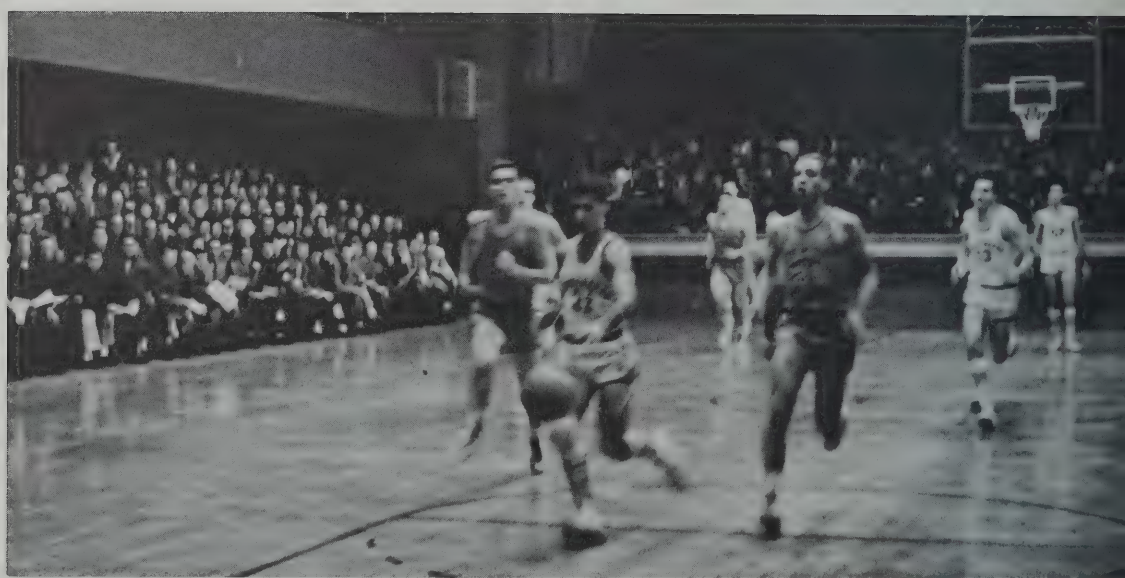

The Knights, coached by George "Doc" Jacobs, fell victim to Northeastern, the New England NCAA champs, in their belated opener, after being tied at the half. Then, in rapid succession came losses to Indiana State, Philadelphia Textile, NYAC and Steubenville.

Suddenly, the Jacobsmen found themselves. They reeled off five straight wins over Merrimack, Middlebury, Norwich, AIC and Colby. The Colby game was a sparkling upset over the highly ranked "Mules."

After an "off" game against St. Lawrence, in which the Hilltoppers were upset, they once again hit the victory trail as they downed the Vermont squad twice, and pulled the "upset of the year" against Assumption. The Greyhounds were ranked third in the nation in team defense, eleventh nationally in FG percentage and second overall in New England.

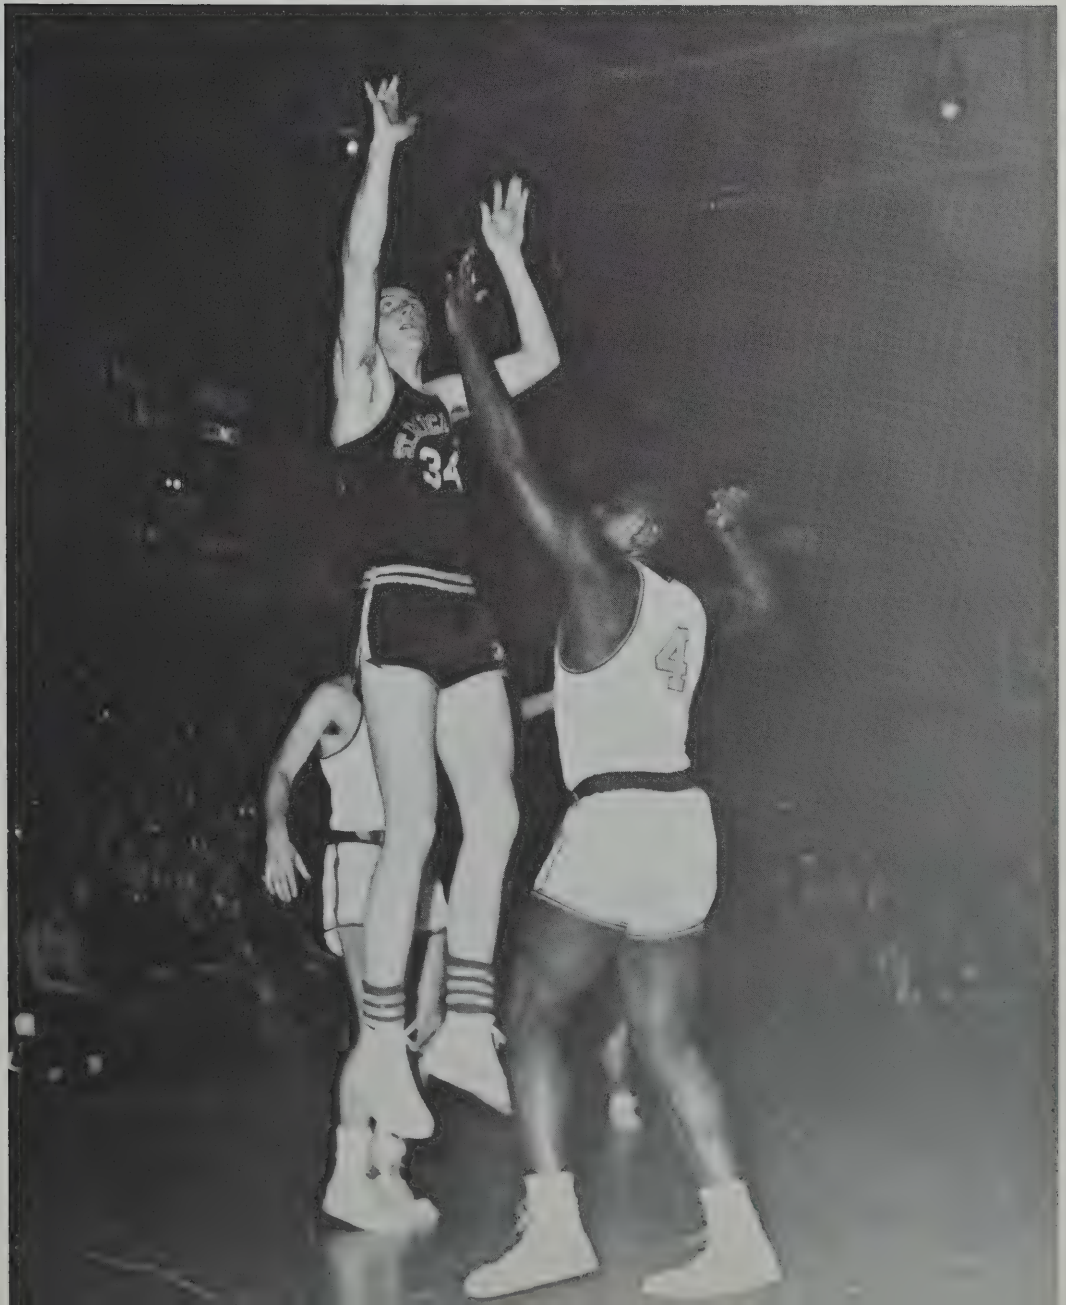

Following a disheartening loss to powerful St. Anselm's, the Knights pulled out an overtime win over tough LeMoyne. The NYAC caught the Michaelmen looking and slid by easily, 89-76.

Then came the blow that shattered all the hopes of an NCAA Tourney berth. The Panthers of Adelphi, playing their best game of the year, dealt the Knights a humiliating defeat, 89-80. In their last game the Jacobsmen bowed, rather meekly, to Norwich, 70-67.

In retrospect, it will have to be said that the Purple Knights fought hard and, for the most part, played well. SMC featured a well balanced attack, with all five starters ending up in double figures.

High Game—Walt Baumann vs. Norwich—27

Senior Jim Fitzgerald and Junior Walter Baumann, the team's two leading scorers and rebounders, excelled. Captain, Senior Al Baldini, remained the heart of the team, both on offensive and defensive, as well as exhibiting some fine floor generalship.

Junior Bob Hoehl starred in several games. The other starter, Junior Fred Cerrato, was noted primarily for his outstanding defensive work and ballhandling.

Sophomore reserves Ed McDonnell and Don Jones showed fine potential. The hothanded McDonnell threw in many vital points, while Jones contributed some timely rebounding to the cause.

# FRESHMAN BASKETBALL

With a decisive win over the Norwich yearlings in the last game of the season, the SMC frosh raised their record to 10-0, marking a return to the habit that coach Ed Markey has developed here at the hilltop of turning in perfect slates. Since returning to his alma mater in 1955, Markey has a sterling 64-9 record.

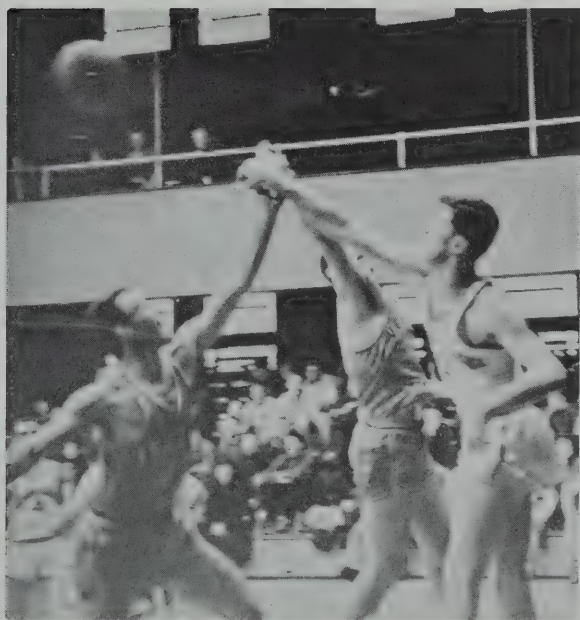

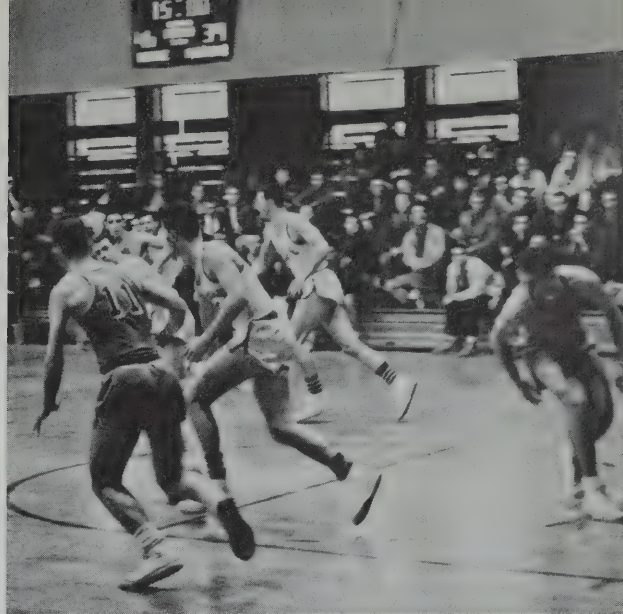

Statistically, the Squires enjoyed a tremendous season, flashing both admirable team credentials and outstanding personal achievements. As a unit they racked up a phenomenal 51.7% from the floor and a very good 67.9% from the free throw stripe, for an average of 83.1 points per game. They were devastating off the boards as they averaged a more than healthy 44.5 repossessions per contest.

Vin Kazalonis came through with the squad's leading scoring average, ending the season at a 23 ppg. clip. Ed Kryger followed with an 18.1 mark, and led in rebounding (14.8 per game). Kazalonis was second in this department, averaging 13.2 per game. With this duo working hard under the boards, SMC had no trouble in getting the ball—even when it ran up against a much taller team from Dartmouth.

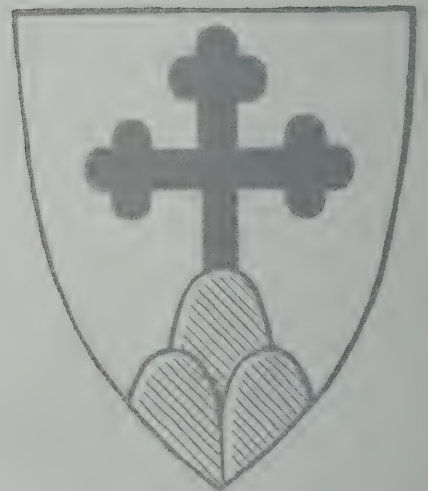

Rounding out the scoring were Dan Connelly, who averaged 13.1 ppg., Brian Quinn (10.0), Bill Cummins (7.0) and Al Waskevitch (4.7). Surehanded Connelly was also the team leader in free throw percentage, making good on 39 out of 48 attempts from the line for an 81.2 mark.
